

## Bowmen of Backworth

### 252 Award Scheme

Basic rules: -

- Archery GB (GNAS) Rules of Shooting to apply.
- The attempt for the 252 score must be the first shoot of the day.
- 36 arrows (3 dozen) for Recurve (with sights – Freestyle) bows,
- 30 arrows (2.5 dozen) for compound,
- 60 arrows (5 dozen) for Recurve (without sights) and bare bow
- 72 arrows (6 dozen) for longbow, flat bow and traditional recurve to be shot at the specified distance using a 122cm target face and Archery GB (GNAS) five zone scoring.
- The required number of arrows may be shot alone or as the FIRST arrows of a longer round.
- Only ONE round is permitted per day
- Six sighter arrows are permitted which will not count towards the final score.
- Scores must be achieved TWICE to qualify for the award.
- Once the archer has achieved the minimum required score, the 252 badge may be awarded for that distance on application to the records officer.
- There is no restriction on the order of distances in which badges are obtained (i.e. a 50yd badge may be obtained before a shorter distance is attempted, which may then be obtained at a later date).
- You can only claim one 252 score per day; this must be your first round.
- Scores can be recorded on a separate sheet, as part of a club round or as the first scores arrows of a larger round.
- It is the responsibility of the archer concerned to make a claim on the correct score card witnessed by at least one other archer, who will record the scores and sign and print their name on completion.
- The claim should be brought to the attention of the Records Officer, who will be responsible for verifying the scores and claims; and ensuring that the true spirit of the award scheme has been complied with.
- Badges cost £2.50 each
